Reference: C00422964, Year End Report (10/1/09 - 12/31/09)

Dear Ms. Hough,

This letter is in response to your request for additional information regarding the above referenced report submitted by the Donna Edwards for Congress Campaign Committee. The notice requests information essential to full public disclosure of our federal election campaign finances.

We acknowledge that our Year End Report did not provide occupation and employer information for 5 individuals contributing more than \$200 in the current election cycle. We have sent letters requesting the information to each of the 5 contributors in question.

We also acknowledge that there were several employer and occupation entries in our report that are not acceptable. The majority of the unacceptable data was collected through a third party online fund raising service. While we are working with the service administrators to improve the quality of the data collected, we understand that we are ultimately responsible for the information reported and will send letters to the contributors who provided incomplete or unacceptable data.

We will submit the data in subsequent filings as it becomes available. If you have additional questions regarding this matter, please do not hesitate to contact me.

Regards,

Janice Edwards, Treasurer
Donna Edwards for Congress
